

The activities of the PSIG are led by a Director with a deep foundation of expertise in federal market development, procurement policy and federal information technology systems.

The PSIG is governed by a Divisional Board of Directors comprised of existing SIIA members as well as new SIIA PSIG members. Members of the Board play a significant role in driving the overall direction of the PSIG agenda. The PSIG Board meets quarterly and any member company who is a full SIIA member or any Founding Member of the PSIG is eligible for a seat on the Board. Currently membership on the Board is capped at 25 members.
